

# IDEAL AP40 Pro

The compact and powerful air purifier for pure indoor air – for room sizes of 30 to 50 sqm \*. Novel 360° multi layer filter system with long life HEPA filter technology and highest amount of specialized active carbon.

360° filter (HEPA + active carbon)

Premium textile cover

High performance turbo mode

Low energy consumption

Ultra quiet operation

Night mode

WiFi Connection

Corresponding app free of charge

Superior sensors for automatic mode

Remote control

Recommended for allergy sufferers

Against chemicals & smells

Against PM2.5 particles and NO<sub>2</sub>

## Technical details

<b>Power supply</b>	220-240V, 50/60 Hz
<b>Fan speed levels</b>	5
<b>Power consumption (watts)</b>	5 / 6 / 7 / 9 / 75
<b>Noise levels (dB)</b>	16,7/18,5 /23,6/33/61,7
<b>Air throughput (m<sup>3</sup>/h)</b>	50/65/90/130/420
<b>Dimensions (H x W x D)</b>	398 x 255 x 298 mm
<b>Weight (kg)</b>	3,6

\* With a room height of 2.50 m.

## Product description

The compact and powerful air purifier AP40 Pro combines clear design with efficient air purification, while causing low noise emissions and low power consumption. The construction of the device ensures a maximum of air throughput and a optimum of filtration. The 360° multi layer filter filters pollutants such as fine dusts (PM2.5 and minor), pollen and acarid allergens, pathogens such as bacteria and mould spores, cigarette smoke, exhaust fumes (also NO<sub>2</sub>), chemical vapours (Formaldehyde, Toluol, n-Butane, VOC,...) and odours from the indoor air. The central control panel EASY-TOUCH provides function modes such as automatic mode, Level 1/2/3, Turbo and Nightmode at one`s fingertip. Further features such as a timer function, child lock, filter status or a customization of the automatic mode can be operated via the corresponding APP „IDEAL AIR PRO“. AP40 Pro automatically informs you, when to change the 360° filter. On an average, the 360° filter has to be changed after 12 months, depending on the intensity of the usage.

# IDEAL

pure air. pure life.

#### HIGH-QUALITY CONTROL

EASY-Touch control in an intuitive and comfortable way. Functions: On/Off, Auto, Level 1/2/3, Turbo and Nightmode

#### COLOUR CODES INDICATE THE AIR QUALITY

The current air quality is indicated in a three-colour code via LED in the EASY-TOUCH panel.

#### APP „IDEAL AIR PRO“

Enabling further control and survey of your device. Available at Google Play & Apple App Store

#### 360° MULTI LAYER FILTER

The high performance 360° filter consists of a fine mesh prefilter, true HEPA filter and a layer with a very high activated carbon portion. Due to the circular design, the whole filter surface is optimally utilized. Plus premium textile cover

#### REMOTE CONTROL

The AP40 Pro can also be controlled easily via remote control.
