Economical and productive MFPs for busy workgroups

RICOH MP 2001L/MP 2501L support more efficient ways of working. With A3 printing, copying and colour scanning as standard, they do the work of several machines. Yet take up a fraction of the space and are more energy-efficient and economical to run. Perfect for busy workgroups, they are also highly productive. Fast print speeds and a rapid first page to print keep work flowing, while multi-tasking prevents bottlenecks. The colour scanner gives you scope to enhance processes further through electronic workflows and paperless archiving. Offering advanced features and economical operation, the Ricoh MP 2001L/MP 2501L are ideal devices for the modern workplace.

Fast and productive

The Ricoh MP 2001L/MP 2501L make light of heavy workloads. They print at up to 25ppm and produce their first page in just 6.5 seconds. A colour scanner converts paper originals into electronic formats for faster document processing and distribution. From A3 output to digital archiving, these versatile MFPs will enhance the productivity of any workgroup.

Economical and efficient

The MFPs are an economical, space-efficient alternative to single function printers, copiers and scanners. They provide everything a workgroup needs in one compact, shared device. Energy efficient operation helps you reduce electricity bills and shrink your carbon footprint. The Ricoh MP 2001L and MP 2501L include automatic doublesided printing to save paper.

Intuitive and easy to use

Busy workgroups will welcome the intuitive operation panel and clear 4-line display. All functions are designed to be easy to access for maximum productivity. There is even a designated ID Copy button for copying passports and ID cards. Front access simplifies MFP maintenance and jam clearance.

Versatile functionality

Duplex built-in

Automatic double-sided printing is included as a standard feature (MP 2001L and MP 2500L models). Printing on both sides of the page saves money and cuts carbon emissions. It can reduce the amount of space needed for filing and enables you to project a more professional image. To maximise savings and encourage best practice, make double-sided printing the default setting.

Full colour scanning

High-speed colour scanning (MP 2001L and MP 2500L models) lets you improve document processes and reduce your reliance on paper. Use it to capture everything from expenses receipts and correspondence to sales orders and invoices. Share documents digitally for faster workflows and enjoy lower printing and postage costs.

Simple job selection

The Ricoh MP 2001/MP 2001L/MP 2501L are designed for walk-up convenience and efficient operation. Large buttons and a clear four-line display ensure even the most complex operations are simple to execute. The use of different coloured plastics on the MFPs' operating panel, outer casing and built-in output tray adds to their ease of use.

Compact design

The clever cube design is ideal for the smallest offices. Remarkably compact for A3 devices, the MFPs can be placed on a table or desktop. Alternatively, choose a floor-standing configuration with extra paper trays. Front access lets you position the devices exactly where they are needed and enables easy maintenance.

RICOH MP 2001L/MP 2001L/MP 2501L

MAIN SPECIFICATIONS

GENERAL

Warm-up time:	10 seconds
First output speed:	6.5 seconds
Continuous output speed:	20/20/25 pages per minute
Memory:	Standard: 16/128/128 MB
Dimensions (W x D x H):	587 x 568 x 430 / 587 x 568 x 430 / 587 x 568 x 528 mm
Weight:	35/37/47 kg
Power source:	220 - 240 V, 50/60 Hz

COPIER

Copying process:	Laser beam scanning and electro- photographic printing
Multiple copying:	Up to 99 copies
Resolution:	600 dpi
Zoom:	From 25% to 400%

PRINTER (MP 2001L, MP 2501L)

Printer language:	Standard: GDI
Print resolution:	600 dpi
Interface:	Standard: USB 2.0 Option: Ethernet 10 base-T/100 base- TX (DDST Unit)
Network protocol:	Standard: TCP/IP (IP v4), IPP
Windows® environments:	Windows® Vista, Windows® 7, Windows® XP, Server 2003, Windows® Server 2008, Windows® Server 2008R2
UNIX environments:	OPEN SUSE (KDE & Gnome) : v12.1 Ubuntu (Gnome) : v11.1 Kubuntu (KDE) : v11.1

SCANNER (MP 2001L, MP 2501L)

Scanning speed:	B/W: Max 17 originals per minute Colour: Max 6 originals per minute
Resolution:	Maximum 600 dpi
Bundled drivers:	TWAIN, SANE, Network TWAIN (Option)
Interface:	Standard: USB 2.0 Option: Ethernet 10-base-T/100 base- TX (DDST Unit)

PAPER HANDLING

Recommended paper size:	Standard paper tray(s): A3, A4, A5 Bypass tray: A3, A4, A5, A6
Paper input capacity:	Standard: 350/350/600 sheets Maximum: 1,350/1,350/1,600 sheets
Paper output capacity:	Standard: 250 sheets
Paper weight:	Standard paper tray(s): 60 - 90 g/m ² Bypass tray: 60 - 162 g/m ² Duplex: 64 - 90 g/m ²

ECOLOGY

Power consumption:	Maximum 1,550 W Ready mode: 108/105/106 W Sleep mode: 0.6/2.3/2.3 W TEC (Typical Electricity Consumption): 1,090/1,330/1,594 W/h
--------------------	--

OPTIONS

Platen cover, ARDF, 1 x 500-sheet paper tray, 2 x 500-sheet paper tray,
Network controller (DDST Unit)
