New Entry Level Folders

estefold® 3000 vs. competition
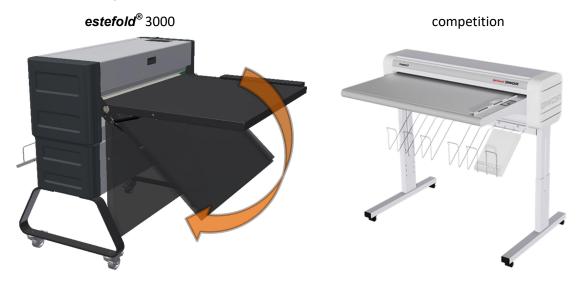

estefold® 3000 and its online sister *estefold*® 3001 are the latest products launched by ES-TE Folding Systems.
Following their extremely successful ancestors these new folders raise the benchmark in the product line of two pass off- and online folders to a new level.

- Coming fully assembled "Plug and Fold" on a standard skid/pallet

estefold® 3000	competition

- Having a fold away feed table with no support legs & at almost double the length - for more comfort and precision as standard!
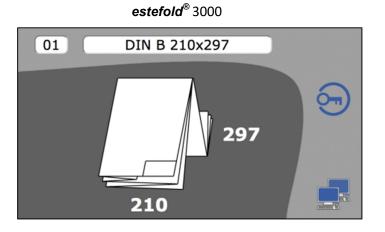

estefold® 3000	competition

- Suspended, opening top covers & adjustable delivery trays - for convenient access!

- Having a fully graphic touch display, containing neither language nor buttons - but showing all necessary information crystal clear!

estefold® 3000   competition

- The fully graphic display also provides: Precise troubleshooting steps!

*estefold*® 3000   competition

- 240 fold programs - simply customized (in 1 mm increments) & re-named by the user!
